## Description

The New Professionals Workshop is a chance for Admissions officers to learn skills essential for their success as a new recruiter. A keynote by James Dwyer, MACRAO past-president and a Director of Admissions at Saginaw Valley State University, will kick-off the program. Other sessions will include an introduction to MACRAO and MACAC, Financial Aid, and today's prospective students. Attendees will have the opportunity to collaborate with colleagues from shared territories and across the state, set up a mock college fair table, and meet local high school and community college counselors. And that's just the beginning!
