@MACRAO...r u #ready

Social media is rapidly becoming “the” communication medium of the 21st century. Acronyms (BTW, FB, LI, LOL), symbols (, , , , ) and terms (friend, likes, tags, posts) are part of a new language. What's it all mean? How is your institution responding? What impact does it have on your brand? These questions, among others, are a byproduct of the **2.0** revolution. MACRAO has a longstanding reputation of being forward-thinking. Let's continue our momentum by exploring social media and its role in higher education. You can help make this happen by sharing your knowledge at the **2011** Annual Conference. This year we are committed to offering you a professional, personal, and team development experience at the beautiful Inn at St. John's, Plymouth, MI. Mark your calendar now for **November 2-4, 2011**; this is definitely the conference you won't want to miss!

Support Staff Workshop Cancelled

Unfortunately this year MACRAO will not be sponsoring a Support Staff Workshop. We understand this is an event that many of our support staff enjoys attending and we also feel it is important, but due to several different circumstances it will not be offered. Plans are already moving forward for next year, so look for the return of this exciting event in 2012.

Spring Drive-In

The MACRAO Spring Drive-in was held Friday April 8th, 2011 in Lansing Michigan. This year's Drive-in provided our 153 guests with a wide range of topics applicable to professionals within the Registrar, Admissions, Institutional Research and Support Staff areas. The workshop opened with an informative presentation from representatives for the Center for Educational Performance and Information (CEPI), while afternoon sessions included Department of Education regulation changes, effectively communicating electronically, sustaining enrollment through effective recruitment strategies, and a multi-topic roundtable discussion.

In an effort to provide information, CEPI representatives discussed and answered questions regarding the P20 initiative, Michigan Statewide Longitudinal Data System (MSLDS) and the STARR application. Another hot topic for the day was the Department of Education regulation changes and the impact felt inside and outside of the Financial Aid departments. A link to both of these presentations can be found on the MACRAO website <http://macrao.org/Meetings/MeetingsWorkshops.asp#DriveIn>. Rounding out the program, attendees found the other sessions to be both informative and productive. A special thanks goes out to all of our presenters who made this year's Spring Drive-In educational, useful and enjoyable.

Thank you and best wishes – **Registrar's Practice Committee.**
